EASTER

The Executive Chef will amaze you with a rich Italian-style brunch that will satisfy every taste and desire, celebrating Italy's rich culinary heritage and all the traditions associated with the "Easter Lunch."

At San Baylon, you can enjoy a wide selection of dishes from the region, culminating in a buffet of sweets and pastries that represent the perfect conclusion to a delicious meal. A rich assortment of cheeses, cured meats, seasonal vegetables, and other hot and cold specialties from Lazio will be guaranteed as usual.

Respect for the environment and the enhancement of the territory, together with the theme of sustainability and the best ingredients that the Italian peninsula has to offer, are the elements that make the San Baylon Brunch experience unique and distinguish it even more.

For Easter and Easter Monday, we will add to the wide variety of homemade desserts a selection of the most famous Easter sweets, to immerse you in an authentic brunch paradise. It can be enjoyed in the refined atmosphere of the San Baylon Restaurant or in the relaxing green cloister of Piazzetta.
